It is alleged that the catastrophe was "caused by the negligence of the officials of the United States Government, and the Government is primarily responsible in damages to the wictims and their heirs and the survivors who were injured or mained. Under the law those people have no redress, except through Cougressional action."

The President expressed his sincere symmetry not only with his immediate callers but with the people whom they represented and said he would aid them in any proper way.

"CUTICURA TREATMENT IS A BLESSING"

Years Declares:

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my lambs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stomping it to take the Pills. I was now stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Scap dry on. I used the Cintment with great effect after washing in warm water, to stop the itching at once. I
